ISOVER provides you with a wide range of high performing solutions for specialists in OEM Marine Constructions, even in the most demanding environments.

ISOVER solutions for OEM Marine Constructions

Working closely with our Marine OEM customers, we have developed a wide range of original equipment solutions which fully use the advantages offered by our high performing ISOVER Marine insulation range. Whether you require extra fire protection or enhanced sound performance, we will work with you to find the right product for your needs, just as we have worked with other customers to provide solutions for panels, cabin walls, ceilings, fire doors and even containerized room systems.

ULTIMATE Marine products offer fire-resistant solutions based on a streamlined portfolio of standard products. This clearly defined range not only provides storage and transportation benefits, but simplifies on-board installation, helping to effectively avoid mistakes.
